The Orchestra

The Oxford Concerto Orchestra is a unique and very special youth orchestra that gives members the opportunity to perform a solo i.e a concerto movement, accompanied mainly by strings, harpsichord and a small wind section. Young instrumentalists aged 10-20 come from a wide area around Oxford and Oxfordshire and are of diploma and Gr. 7/8 standard.

OCO was formed fifty-two years ago by the late Paul Davies. Paul's vision was to give as many players as possible the chance to perform a solo part during their time in the orchestra. There are three main concerts a year, each with three or four rehearsals per concert. OCO performances are of a high standard and are recorded.

If you would like to or know someone who would like to work and play with the Orchestra, we would be delighted to hear from you. We welcome parent involvement. Auditions are very informal.

There is no members' fee to pay. It is important that you read our *Privacy documents* that can be found on our website.
